Burglaries, Thefts From Cars Head 14 Crimes

Strongarming Occurs in Madison; Meats Taken from Restaurant

Two burglaries in Mitchell and thefts from autos, including parts, highlighted 14 crimes reported to Quad-City area authorities during the weekend. A newspaper delivery man was strongarmed and robbed of \$17, and a man walked into a clothing store, grabbed up an armful of suits and fled.

A burglar who forced open a door to the George Becker residence, 209 W. Main, stole a television set and a radio. The burglar was seen between 3:30 and 10:30 p.m. Saturday obtained \$80 from piggy banks, a wristwatch, two transistor radios, a tea set, a cigarette, two bayonets and a carton of soda, the sheriff's office was notified.

Two women's watches, a transistor radio and \$4 in change, totaling \$81 in value, were taken in a burglary Saturday at the home of Mr. and Mrs. Oliver Davis, 317 English street, Mitchell.

Burglar Scared Away
Mildred Rickert and Barbara Whitson, employed at the Dog & Suds drive-in, Pontoon beach and Franklin avenue, reported at 1:50 a.m. Saturday that while they were driving away after closing up the restaurant, they saw someone kick in the front door.

One of them yelled, and the would-be burglar fled, carrying out containing other persons and left. Nothing was taken.

Ray Archer, Norrisville, Pa., reported Thursday that clothing valued at \$300 was stolen from his auto while it was parked during the night in the 2800 block of Myrtle avenue.

Elvin James, 2712 Edwards street, reported at 7:15 p.m. Thursday that while driving in the Glenview Chapel, Maryville road and Wilson avenue, a thief stole a 12-volt battery from his auto which was parked on the church lot.

An automatic transmission for a 1960 auto was stolen from the back yard of James Hicks, 1739 Grand avenue, he reported at 12:45 p.m. Friday. It was valued at \$25 to \$30.

Gasoline Siphoned
Francis Baldwin, 201 Harding Blvd., reported at 10:10 a.m. Saturday that a thief siphoned a half tank of gasoline from his auto and broke the tail light lens while the car was parked at his home.

While on patrol, a police officer found the hood raised on a car sitting on the lot of Matthews Chevrolet Co., Niederrhous and Grand avenues, at 8:50 p.m. Sunday. The breather was missing from the carburetor.

David Robertson, 1533 Fifth street, Madison, reported at 6:30 p.m. Friday and robbed of \$17 while delivering newspapers. Control 1500 block of Collinsville avenue.

He said five men, two of them armed with knives, got out of a car and ordered him to turn over his money.

Two men were being sought by Madison police today for questioning in the theft of \$20 worth of meats from the kitchen of the restaurant at Young's Lounge, 809 Jackson street, West Madison Sunday night.

Venice to Seek New Underpass Cost Order

Delay in Project Work, Change in RR Plans Ups Construction Price

Failure of the Illinois state highway department to begin preparation of plans for the proposed Broadway underpass at Venice soon after the Illinois Commerce Commission ordered its construction in 1963 has resulted in a ten-month delay in the project and a substantial increase in its overall cost, the Press-Record learned today.

It was learned further that if official officials had not pressed for a full-scale discussion of the project with state officials, an even greater increase in building costs growing out of a decision of three major rail lines to change their track plans at the underpass probably would have resulted.

These developments grew out of a meeting Thursday in Springfield between Venice city officials, representatives of the state highway department and engineers of the commerce commission, in which Mayor John E. Lee of Venice informed the group of the delay in the project.

Not yet, boys — The ice yesterday on Chouteau Slough was only about a half-inch thick and not strong enough to hold these two small boys, who equipped with new skates, carefully prodded the frozen surface before giving up their skating idea for the weekend.

GC HS Student Hit By Car Today; MHS Boy Hit last Week

A Granite City high school girl was struck by an auto in front of the school this morning, and a Madison high school boy was hurt in a similar mishap on Skene street Thursday afternoon. Sixteen persons were hurt in nine of 22 weekend traffic mishaps here.

Elaine Ragan, 16, daughter of Mr. and Mrs. William F. Ragan, 2311 Delmar avenue, a junior at Granite City high school, was struck by an auto driven by Richard Love, 1832 Cleveland Blvd., at 7:35 a.m. today as she was walking across Madison avenue at the school.

She was admitted to St. Elizabeth Hospital with a cut to her right leg. Love was charged with failure to yield right-of-way to a pedestrian.

Wayne Lunsford, 14, of 1229 Madison avenue, Madison, was admitted to St. Elizabeth Hospital at 3:30 p.m. Thursday, suffering a left leg injury received when he was struck by an auto in the 1900 block of Skene street.

Mrs. Edna O'Gunn, 2313 Sixth street, Madison, told police she was driving west on Skene street when the boy, who was walking with two other youths, ran out into the street into the path of her car. Lunsford, a ninth grade student at Madison high school, was taken by ambulance to the hospital where his left leg was splinted.

Girl, 13, Injured
Janice Lunsford, 13, of 30 Oakdown drive, complained of pains after an auto driven by Cindy Lunsford, 18, of 1800 S. Main, struck her while she was walking on Skene street. Lunsford was charged with failure to yield right-of-way to a pedestrian.

January Precipitation Slight .25 Inch in 1st Half of Month

Yesterday morning's snow flurry was recorded only as a .25 inch in the first half of the month.

The 25-inch is far under the inch of rain that should have fallen by this time. The average precipitation for January is 1.88 inch, according to the U. S. Weather Bureau.

In January 1966, the 1.88-inch average for the month was topped in the first two days of the year — 1.88 inch recorded on Jan. 1 and 32 inch on Jan. 2. The total precipitation for the month was 2.39 inches.

When reports are received from the Chain of Rocks bridge, the total precipitation for the month will be 2.39 inches.

Inquest in Fatal Beating Awaits Federal Probe

Deputy Coroner Robert Thomas said today that until investigations by FBI agents and other police authorities are completed, no date can be set to inquire into the death of Roy A. Tyson, 27, of St. Louis, whose body was found last Wednesday afternoon on an abandoned farm near the Chain of Rocks bridge.

When reports are received from the Chain of Rocks bridge, the total precipitation for the month will be 2.39 inches.

Early Bird Robin May be a Holdover

A bedraggled robin was seen late Friday afternoon in the vicinity of 22nd street and Delmar avenue — a far cry from the brightly-colored birds that arrive in early spring, it was reported to the Press-Record.

The anonymous birdwatcher commented that the robin "appeared to have been injured and flew only short distances when approached. I'm sure he didn't wing south at the start of winter. He was a full-grown bird."

"Maybe he's been fooled by the mild winter we've had to date," the spotter added.

All-Numerical Phone Numbers Planned Here in October

All telephone numbers in the Quad-City area will change from two letters and five numbers to all numbers in October, it was announced today.

The new telephone numbering plan is known as All Number Calling (ANC).

The change to a number system necessary because of the tremendous growth in the number of telephones, Roger Ward, local manager, explained. Telephone companies in the area have been working out of suitable numbers for years.

Delay Seen in Passing Township Filing Bill

Legislators Abandon Senate Measure to Qualify Independents

An emergency legislative bill that would permit filing of candidates for township office by petition cannot possibly clear the House and Senate and receive the governor's signature before the end of this month or early in February, State Senator Paul Simon, Democrat of Troy, told the Press-Record Friday.

Senator Simon said the situation results from a decision not to introduce a companion bill in the Senate, but to depend upon passage of the special legislation by the House.

The bill would permit nomination of candidates for township offices open to election in the April 4 balloting by filing petition, thus nullifying present legislation which permits selection of candidates only by caucus held by established political parties which are represented by elected precinct committeemen.

The bill would limit caucus nomination to the Democratic and Republican parties and would put the township elections on a party basis.

Attorney General Ruled
The emergency legislation was introduced at the request of the Quad-City area after Attorney General William Clark handed down an opinion that caucus selection of candidates is the only legally constituted method of naming candidates now existing in Illinois.

The opinion grew out of a request by Wood River township officials who asked Madison County State's attorney Scroggins to obtain a ruling on the legality of filing township officers candidates by petitions circulated by independent candidates.

Clark's opinion involves seven Madison county townships — Venice, Nemadji and Chouteau townships in the Quad-City area, and Wood River, Godfrey, Col.

Quad-City Householders also Face Clean Air Restrictions

While industry may have attracted most of the attention in development of the Illinois Clean Air Act, the ordinance approved last week by the East-West Gateway Coordinating Council, every individual household who still has a stove or furnace, or who is in the habit of burning leaves and twigs from his yard, is subject to his share of regulations set up in the proposed law.

The law, in fact, charges the local police with a responsibility for attainment of clean air, economically and technologically, just as it does industrial and commercial institutions.

Additionally, the regulations will create considerable impact upon municipalities and districts or other public agencies that eventually must assume responsibility for disposal of waste material four years after passage of the bill the regulation will apply throughout all other parts of the area west of a line one mile north and east of Route 150 and following the eastern

YMCA Receives National 'Certificate of Merit'

The local YMCA received national recognition today through the award of the 1967-68 certificate of merit from the National Council of YMCAs, M. G. Reinhardt, "Y" board president, announced.

The certificate, awarded through national and area physical education committees based on the local "Y's" policies, plans, program and organization in physical education and recreation, is an honor award, showing that the "Y" adheres to specified high purposes and ideals and follows standards of performance and accomplishment in keeping with the "Y's" objectives.

The certificate is awarded every three years, going only to those associations that petition and qualify for it and upon the recommendation of the area physical education committee. Receiving the certificate indicates that the association meets the standards set by the local and Christian principles.

Jr. College Group Meeting This Week

The steering committee and subcommittees for establishment of a Junior College district in this area will meet at 7:30 p.m. Wednesday at the county supervisors meeting room in the courthouse at Edwardsville.

Walter R. L. Trimpe, county school superintendent who has been directing procedure for establishment of the district said a referendum has been authorized by the Illinois Junior College board and that a referendum will be held in the district within 40 to 60 days.

The district, known as the Lewis & Clark Junior College, will include all of Madison and Jersey counties, the lower one-third of Macoupin county and smaller portions of Calhoun, St. Clair, Monroe, Bond and Montgomery counties. An administrative meeting is scheduled today in Edwardsville.

If the referendum carries, the committee hopes to have the Junior College district in operation by July 1. Petitions asking the referendum set maximum tax rates at 15 cents for educational purposes and ten cents for the building fund.

Trimpe explained the tax figures are maximum amounts and it is not expected to levy all the amount. Tentative estimates of building and administrative costs require a tax levy of about seven cents, school officials said.

4 Divorces, Annulment Granted Area Couples

Four divorce decrees and an annulment were granted late last week in the Granite City and Edwardsville division of circuit court.

Annulled was the marriage of Laura Lynn Marshall of Granite City from Michael Clyde Marshall of Washington, Ill., a minor, on grounds of misrepresentation in that he was previously married and divorced without her knowledge. The marriage ceremony was performed last March 9 in Granite City. Her maiden name of Laura Lynn Cister was restored.

Granted divorces were: Mrs. Nancy Mitchell from Robert Mitchell, both of Granite City. They were married Nov. 6, 1965, in Granite City. Cruelty was charged. Her maiden name of Nancy Sherman was restored. Everly Dean Pittman of Granite City from Mrs. Mary Frances Pittman of Hillsboro, Mo. They were married Sept. 2, 1960, and separated Nov. 15, 1965. Desertion was charged. Jurisdiction over one child was reserved by the court.

Mrs. Darlene Farnley of Madison from Donald D. Farnley of Collinsville. They were married March 21, 1964, and separated last May 1. Cruelty was charged. Custody of two children was granted to the mother. The father was ordered to pay \$25 per week child support.

Mrs. Norma F. Waugh from Calvin M. Waugh, both of Granite City. They were married Sept. 17, 1964, and separated last Sept. 1. Cruelty was charged. The mother was given custody of two children. The father was ordered to pay \$20 per week child support.

Driver Arrested After Iowa Street Collision

Witnessing a hit-and-run accident at 4:15 a.m. Sunday, a Granite City police officer charged two charges against Lawrence Griffin, 39, St. Louis.

Boked for driving while under the influence of alcohol and failing to report an accident with an unattended vehicle, Griffin allegedly was driving north and allowed the right front of his car to hit the left rear of the parked auto of Gerald Frost, 2904 Iowa street, at that address.

Arrested in Venice

Venice police arrested Lloyd Henry, 26, East St. Louis, on Broadway at 8:10 p.m. Saturday on a disorderly conduct charge. He was released on \$100 cash bond pending a hearing Jan. 25.

A Thought for Today
Rev. Boswell

For generations men have sought the answer to this question, "Who Am I?" The Bible tells us that God created man in His image and after His likeness. When Jesus revealed God on earth, a living intelligence, He made it easier for us to grasp that inner creative power. At an instant but all the potential of an oak tree, even though there is no visible similarity, — under the right conditions, that potential is expressed. Jesus tells us that a mighty power is within everyone of us, but it is through faith-building that we bring this power into outer expression. This recognition, this awareness, comes to us as we sincerely turn to God in prayer. Who are you? You are the child of a King. What more could you ask for? God bless you.

\$75,000 Damage Suit Filed Against Church

A damage suit for \$75,000 and costs was filed in Madison county circuit court last week for Suzanne Ebling, a minor, by the First Granite City National Bank as legal guardian, against the First Church of the Nazarene of Granite City.

The complaint alleges that last Sept. 17 the girl, who was four, fell from an outside stairway, leading to a second story porch and suffered severe and permanent injuries.

It was charged that the stairs were defective and dangerous, and that young children were permitted to play on them. Rev. George Reader was listed as pastor.

1467 Criminal Offenses Committed in City in '66

Criminal offenses committed in Granite City during 1966 totaled 1467, an increase of 157 during the previous year, according to a report by Ronald J. Veizer, chief of police.

Of these, 217 were cleared, compared to 189 in 1965. Police made a total of 3297 arrests for all causes, an increase of 1049, on 3737 charges, an increase of 1237.

The number and types of offenses, followed by those cleared, were:

Illinois Veterans to Get \$13,828,700 GI Dividends

More than 290,000 Illinois veterans of the two world wars will receive \$13,828,700 in insurance dividends during 1967, John B. Nasser, Manager of VA's Regional Office, said today in Chicago.

Payments began Jan. 1 and will continue throughout the year on the anniversary date of each veteran's policy.

Two hundred and eighty thousand world war II veterans will get approximately \$13,000,000 from their National Service Life

Insurance policies. The average payment will be about \$46. The remaining \$500,000 will go to 11,150 world war I holders of U. S. Government Life Insurance, averaging about \$76 each. Nationwide, 4,148,000 veterans have retained their GI insurance and will participate in the \$21,000,000 dividend distribution. Actually, VA pointed out, the total dividend last year was almost \$24 million more, reflecting approximately 413,000 participating veterans for 1967.

Plant Seedlings On Sale By State

Interstate Air Pollution Rules Urged by Roos

An interstate adoption of air pollution control regulations by the legislatures of Illinois and Missouri was requested Saturday by Lawrence K. Roos, supervisor of St. Louis county and chairman of the East-West Gateway Coordinating Council which last week approved a model control ordinance intended for acceptance by public agencies throughout the metropolitan area.

Roos said he had sent telegrams to Gov. Kerner of Illinois and Gov. Warren E. Hearnes of Missouri, urging coordinated planning by the air pollution control agencies of the two states.

The ordinance recommended for adoption throughout the area by the Gateway Council was, at the time of approval, already in conflict with the air pollution control regulations adopted by the Missouri Air Conservation Commission, particularly in the standard required of coal burned for industrial processing in the area.

The Missouri law requires a 25% maximum sulfur content while that adopted in the Gateway bill is 3.5% average, or the equivalent to 3.6% maximum.

Roos said in his telegrams to the governors of the two states that both are now considering state regulations for control of air pollution. He said:

Need Uniform Enforcement

"Fundamental to any effective program of air pollution control is uniformity of standards and enforcement throughout the entire metropolitan area. Such uniformity is absolutely essential to the health and economic welfare of our citizens.

"Furthermore, any substantial differences in standards prescribed by Missouri or Illinois

Big White Bunny Is Taken Into Custody

An arrest form on file at Venice police headquarters Thursday, under time and date of 2:30 p.m. Jan. 12, read:

Arrested: Peter Hare Rabbit, alias Jack.

Address: Terminal Railroad Association field; two years old; weight, two pounds; height, eight inches; eyes, pink.

Charge: Prowling.

The form listed the prisoner's belongings as one jewel-studded collar.

The subject, which occupied a jail cell, was a large white rabbit sighted in the Terminal yard along the 800 block of Third street by a woman who called headquarters. Officers rounded up the bunny and later sent it to the Granite City animal shelter.

False Fire Alarm

Firemen from two Granite City stations answered an alarm about 8:45 a.m. Friday at National Lead Co. 16th street and Cleveland blvd. Chief Earl Fronbarger said a sprinkler alarm system had been touched off accidentally and there was no blaze.

authorities would have detrimental, economic consequences.

"Industry would tend to locate where regulations were least stringent and this would unfairly penalize the economy of the state having more restrictive standards," he said.

Roos said stringent standards are of paramount importance throughout the entire area since air pollution knows no boundaries.

MARCH OF DIMES POSTER CHILD, Jody Ann McLauchlan, 2½, shown with her mother, Mrs. James W. McLauchlan of Edwardsville. She will visit local campaign leaders on Thursday.

County March of Dimes Poster Child to Visit

Tiny Jody Ann McLauchlan of Edwardsville, the 1967 Madison county March of Dimes poster child, will be introduced to Granite City area captains and other volunteer March of Dimes workers during a special meeting at 7:30 p.m. Thursday in the Long Lake fire department's recreation hall, 4113 Pontoon road.

In announcing the planning session, Mrs. Bernadine Hagnauer, campaign chairman for Granite City, Pontoon Beach, Mitchell and Stallings, said today that arrangements for the poster girl's appearance were made by the Madison County March of Dimes Foundation.

She added that any area resident wishing to volunteer their services for the annual door-to-door "Mother's March," to be held later this month, is invited to attend Thursday's meeting.

Now 2½ years old, the March of Dimes poster child is the youngest daughter of Mr. and Mrs. James W. McLauchlan, 720 Sheridan street, Edwardsville. She has a brother, James Jr., 10, and a sister, Jamie, 7. Both are normal healthy children.

Open Spine Defect
Jody was born at Highland on May 19, 1964, with one of the more severe types of open spine birth defects. She also required a halter valve being inserted in her head at the age of two months.

Efforts to correct the severe spinal defect necessitated the infant undergoing surgery on six occasions and in September the opening in her back was closed successfully.

Thirteen months ago, Jody was fitted with standing braces and now attends therapy classes on alternate Fridays. With the assistance of the March of Dimes, the 1967 poster girl has developed into a happy and well-adjusted child. She has an extensive vocabulary and converses fluently.

At the present time, Jody has a dislocated right hip which will require surgery in the near future, Mrs. Hagnauer said. She

added, "March of Dimes officials report hopes are high that someday the child may be able to walk with the aid of walking braces and crutches."

Jody's father is a graduate of Lincoln high school and the Franklin Trade School. He is employed as a senior engineer with International Business Machines. He and his wife, Marilyn, have been married for 11 years.

Urges Cooperation
Mrs. Hagnauer urged local residents to support the annual March of Dimes drive by contributing funds through envelopes sent home with school children, by depositing donations in the colorful canister displays set-up in area business firms and by welcoming the volunteer neighborhood worker when she calls at homes in the "Mother's March."

The chairman explained that a major portion of the funds raised is now used to assist adults and children, such as Jody, who are victims of birth defects. She said more than 15 million Americans of all ages have one or more birth defects that affect their daily lives.

"Every two minutes if the United States a birth defect is born, making a total of 250,000 each year," Mrs. Hagnauer reported, adding "one in every ten families in the United States knows the anguish of having a defective child."

Research, treatment and education are the three principal means through which all birth defect victims may be helped and for these purposes Mrs. Hagnauer said, "the drive chairman added."

Since the discovery of oral polio vaccine and decline in the number of persons crippled by the disease, the March of Dimes Foundation has allocated its funds to fighting birth defects, considered the nation's second greatest destroyer of life. An estimated 500,000 unborn babies and more than 60,000 infants, children and adults die each year from birth defects, Mrs. Hagnauer said.

Contributions also continue to aid polio victims and provide the free Salk oral vaccine, she explained. In addition, a portion of the money raised will help young people to continue their studies in the field of health education and further research work at the birth defects center at St. Louis Children's Hospital.

Ward Changes Big Item for GC Council Tonight

Redistricting of Granite City's eight wards is expected to be a major topic at tonight's 8 o'clock council session, with rumors that amendments may be presented to change the proposed boundary lines.

Action on the ordinance was deferred at the Jan. 3 meeting. Objections have been raised by First and Second Ward aldermen. The redistricting is designed to adjust city ward boundaries to conform with township precinct lines and to equalize population.

In other action, the council is expected to hear reports on progress in design of interchanges for Federal Aid Route 181 in West Granite and Lincoln Place and on right-of-way acquisition for the south section of Nameoki road.

Miss Eulalia Hotz, county clerk, has advised the city that so far objections have been filed by railroads. She told the Press-Record the objections were routine and were widespread throughout the county.

Objections to the 1965 tax rates were filed by the Norfolk & Western, Chicago, Burlington & Quincy, Chicago & Northwestern, New York Central, Gulf, Mobile & Ohio, Terminal Railroad Association and Illinois Terminal. All objected to rates, and the Chicago & Northwestern also objected to assessed valuations.

Rates on which the objections were filed were—general corporate, library, fire protection, civil defense, sewage, street, water and street lighting.

GC Man Promoted To Manager Post

John Koch, 41 Sherwin drive, Arlington Heights, has been named staff manager of the Peoria district of the Prudential Life Insurance Co.

Koch, who has topped the million-dollar mark in life insurance sales for two consecutive years, has represented Prudential since June of 1961 as an agent in the East St. Louis district.

A native of Belleville, Koch and his wife, the former Patricia Fickel, and their three sons, Kevin, Keith and John Jr., will move to the Peoria area in the near future.

Auto Strikes Station

A wheel came off an auto driven by Robert B. Clark, 2809 Cayuga street, at 11:55 p.m. Friday at 2100 Rock road and when the brakes failed he was unable to stop, police were told. The car ran against the garage door of Snyder's service station.

McManus Elected Head Of GC Credit Union

Police Sgt. Francis McManus was elected president of the Granite City Employees Federal Credit Union at its 11th annual meeting and dinner-dance Saturday night at the Knights of Columbus club. A total of 122 members and guests attended.

Others elected were Frank Graf, vice-president; Lionel Portell, treasurer; Kenneth Waites, secretary; Joseph Nemeth, credit committee; Joseph Holder, supervisory committee chairman; and Frank Surman and Robert Sanders, two-year terms on the board of directors.

Guests included board members of the Granite City Steel Credit Union and representatives of Cuna Mutual.

License Plate Change

Larry W. Miller, 17, of 620 (rear) Grand avenue, Madison, was charged with improper display of state license plates and with a curfew violation at 3:30 a.m. Saturday at Washington avenue and Nameoki road. He was summoned for a hearing by Jan. 24. Two passengers were questioned and released.

Women's Club Completes Plans for Smith Address

State Rep. Ralph T. Smith, Alton Republican, this week will make his first formal appearance in the local area since his election as speaker of the Illinois House of Representatives. The former local resident will be guest speaker at the Granite City Republican Women's Club annual installation meeting at 8 p.m. Thursday in the YMCA auditorium.

Plans for the annual event were completed last week at an executive board meeting held in the home of Mrs. Vernice Wortman, 2460 Washington avenue.

It was announced that Mrs. William Stiehl of Belleville, wife of the district GOP committeeman, will install new club officers, who are to be honored with a reception immediately following the ceremony.

Mrs. Joyce Glasgow reported that the Southern Illinois Uni-

Gardenaires Plan For District Meet

The Gardenaires met Thursday with Mrs. Martin Arbeiter, 3028 Washington avenue.

After the dessert course served by the hostess, Mrs. Mary Kristian, president, conducted the short business discussion during which plans were made for participation in the program to be given at the annual district meeting in February.

A comprehensive study of "Rock Gardens, Planning and Planting" was given by Mrs. Charles Kohl, and Mrs. C. E. Eads presented the program on new plants for 1967.

The next meeting of the club will be with Mrs. Robert Zellerman on Garfield avenue.

Grand Chapter Members Honored

Twelve grand chapter committee members were honored and presented gifts Friday evening by members of Granite Chapter 659, Order of the Eastern Star, during a stated meeting held in the Masonic Temple.

Special recognition also was given to Mrs. Kathryn Roman and Alfred E. Krumsick, who served as the chapter's worthy matron and worthy patron 25 years ago.

More than 80 were present for the ceremonies, conducted by Mrs. Vivian Blankenship, worthy matron, and Harmon Presswood, worthy patron. The officers announced an initiation ceremony will be performed for five new members at 7:30 p.m. Jan. 27.

A social hour followed in the temple dining room, with refreshments served by the hospitality committee.

Hospital Solarium is Setting For Wedding Here Saturday

Wedding vows were exchanged in the second floor solarium at St. Elizabeth Hospital Saturday evening by Miss Sharon Wright of Granite City and Navy Yeoman Kenneth R. Nekajr, Jr. of Collinsville.

The bride, a daughter of Mr. and Mrs. Waldo Wright, 2801 Benton street, obtained permission for the wedding in the hospital so that her father could participate. He is a heart patient there, and it was necessary for the newlyweds to leave after a reception at the Wright home for Norfolk, Va., where the bridegroom is to report for duty tomorrow.

The ceremony featured a procession down the long hospital corridor to the solarium by the bride, who was escorted in marriage by her father. Hospital patients were spectators as well as the family and friends of the couple.

Shower Honors Miss Gregory

Miss Sandra Gregory, who will be married Saturday to Joseph Ousley, was honored at a pre-wedding party and shower given Sunday afternoon by her sister, Mrs. Lois Adams, Mrs. Betty Carbaugh and a sister-in-law, Mrs. Faye Healey.

Kirkpatrick recreation hall, where the shower was held, was decorated in pink and white, carrying out the bride's wedding colors, and each table held vases of pink carnations and feathery ferns. The refreshment table was centered with a large crystal punch bowl surrounded with pink carnations, greenery and pink tapers in crystal holders.

Miss Gregory was assisted in opening gift packages by Misses Janice Jones and Lona Williams, who are to be in the wedding party.

Others present were Mrs. Gladys Gregory, mother of the bride-to-be, Mrs. Beulah Ousley, the prospective bridegroom's mother, Mesdames Bess Carney, Mary Eads, Virginia Bridges, Alan Adams, Betty Miles, Daise McMillan, Thelma Grimes, Nancy Luskis, Helen Stegel, Misses Joyce Ousley, Linda and Donna Luskis, Donna Milton, Andrea Miles, Linda Naney, Sue and Beth Carbaugh and Cindy Adams, nieces of the bride.

The prize for the afternoon was won by Miss Linda Luskis. The wedding of Miss Gregory and Mr. Ousley will be solemnized at Emmanuel Baptist Church.

35th Wedding Anniversary

Mr. and Mrs. Ivan Reliske, Route One, held open house Sunday from 4 until 8 p.m. to celebrate their 35th wedding anniversary.

The home was decorated with shades of coral being the predominant color. Bouquets of roses and cory candles graced the reception table from which about 50 relatives and friends were served.

Among those attending from out-of-town were Mr. and Mrs. Frank Hendefelder of Evanston, Ill.; Mr. and Mrs. George Baechtold of Collinsville; Mr. and Mrs. Melvin Whaley, Ferguson, Mo.; Mr. and Mrs. Raymond Reliske of Jennings, Mo.; and Mr. and Mrs. Harold Rutherford of Overland, Mo.

Shower Honors Mrs. Hanebrink

Mrs. Melvin Hanebrink was guest of honor Thursday evening at a surprise cradle shower given by Mrs. Stanley Edwards, Mrs. Don Wiggins and Mrs. David Castillo at the Edwards home, 3317 Colgate place.

The gifts were placed beneath a pink and blue ruffled umbrella.

Refreshments were served and prizes in the games were won by Mrs. James Leggett, Mrs. Robert Hughes, Mrs. Clarence Mayes, Mrs. B. J. Rogers, Mrs. Bill Osborn, Mrs. Paul Weathers and the guest of honor.

Farewell Party For Mrs. Koch

The King's Daughters class of St. Paul Baptist Church honored Mrs. Pat Koch, class president, with a farewell party Friday evening, given in conjunction with a monthly meeting in the church fellowship hall.

Many gifts were presented to the honoree, who with her husband, John Koch, and their three sons, Kevin, Keith and John Jr., will move shortly to Peoria, Ill., a representative of the Prudential Insurance Co. has been transferred to the Peoria area.

An election also was conducted, with Mrs. Charlotte Price named to succeed Mrs. Koch as president. Also elected were Mrs. Ruth Voorhees as secretary and Mrs. Mary Kendall as group captain.

Mrs. Eileen Fitzgerald, class teacher, gave the devotional titled "Ib." Mrs. Koch sang "I'd Rather Have Jesus."

Reports were given on cards and other gifts being sent to six shut-in church members, and on delivery of a box of miscellaneous items to a local needy family. Among the gifts presented to Mrs. Koch was a memory album, prepared by class members, which had autographed and captioned various pictures.

Games were played under the direction of Mrs. Elaine Parish, vice-president, with prizes awarded to Mrs. Kendall, Mrs. Peggy Phillips and Mrs. Mary Elliott. Refreshments were served by Mrs. Bonnie Harper from a buffet table centered with a large decorated cake inscribed "So Long Pat - God Bless You."

Others attending were Miss Ella Eblin, Mrs. Betty Clark, Mrs. Iris Gauen, Mrs. Allene Moore, Mrs. Louise Pendergast, Mrs. Naomi Myrick, Mrs. Naomi White, Mrs. Shirley Worster, Mrs. Betty Callahan, Mrs. Mary Cedar, Mrs. Charlene Cox and Mrs. Dee Greer.

Miss Myers Becomes Bride Saturday of Richard Milles

The wedding of Miss Alice Jean Myers, a daughter of Rev. and Mrs. Willard F. Myers, 541 Margaret avenue, and Richard Leo Milles, whose parents are Mr. and Mrs. Leo Milles, 4136 Michigan avenue, St. Louis, took place Saturday morning at St. Anthony of Padua Church in St. Louis with the Rev. Cupertine Zetzel officiating at the 10:30 service.

For her wedding, the bride chose a gown of white satin over which was worn a white fur cape. The bodice had a round neckline and traditional long sleeves. Appliques trimmed the neckline, and the front of the dress and the skirt, which ended in a long train, featured a bow and bustle at the waistline. Loops of ribbon and lilies of the valley formed the headpiece which held in place a veil of silk illusion.

White carnations made up the bride's bouquet.

Mrs. Merl McDaniels and Miss Dian Feldmeier were matron of honor and bridesmaid.

They wore pale blue dresses of chiffon and satin with Empire waistlines and short sleeves. Sleeveless coats were worn over the gowns and headpieces were of royal blue.

The former was dressed in pink with rose colored ribbon encircling the Empire waist and ending in a bow in the back. Her headpiece was of pink and she carried rose colored carnations.

After a brief wedding trip the newlyweds will live at 6224 1/2 West avenue, St. Louis.

The bride, a local high school graduate, is employed by the Federal Reserve Bank in St. Louis.

Mr. Milles was graduated from St. Mary's high school, St. Louis, and has attended Rola School of Mines and St. Louis University. He is presently a student at Jewish Hospital School of X-Ray Technology in St. Louis and will graduate in April.

The right time of day.

Even the most expensive watch can't keep time as precisely as Accutron. That's because all the mechanical parts that make a conventional watch fast or slow have been left out of it. The Accutron movement is electronic. It's powered by a battery that keeps a tiny tuning fork vibrating 360 times a second, and it comes with the first guarantee of accuracy ever given. You can't give a man a more perfect gift of time.

Plentiful Foods

During January, Midwest food stores should be well-stocked with oranges, grapefruit, winter pears, broiler-fryers, dry beans and green split peas. These are reported by the U. S. Department of Agriculture's Consumer and Marketing Service to be the plentiful foods of the month.

How to Clean House Plant Foliage

You can give house plant foliage a midwinter pick-up by careful cleaning. Most plants can be placed in the sink and gently syringed with water at room temperature. Take care not to use excessive water pressure. If this is impractical wipe smooth-surfaced leaves with a soft, damp cloth. You can also use a mild detergent in the water when the foliage is quite dirty. Follow with a clear-water rinse. Wipe most of the remaining water off the leaves with a damp cloth, or shake off all possible water before putting the plants aside to dry.

Particularly if the water you use is hard, your plants may have unsightly lime spots. To remove them, rinse the plant with a mixture of one tablespoon of vinegar in a quart of rain-water or melted snow to help remove the lime. Follow with a rinse of soft water without vinegar. Avoid getting the vinegar water on the soil in the pot. To give a touch of real glamor to your house plants, try one of the foliage waxes or leaf glossing materials sold under a number of trade names. These preparations are usually safe. But it's always a good idea to try the one you choose on a leaf or two to see whether any damage occurs. If there is no injury in several days, feel free to use

the preparation on the entire plant. But keep it off flowers, buds and newest leaves. Water plants thoroughly several hours before applying these materials. Never use them on filled plants or those in dry soil.

Castor oil and milk are poor substances for shining plant foliage because they are poor insect catchers, may clog leaf pores and sometimes become smelly.

Foliage polishes are not recommended for plants with hairy leaves, such as African violets, gloxinias and geraniums. Brush these leaves with a soft camel-hair brush to remove dust, or rinse gently with lukewarm water.

Through Thick and Thin—Some avocados have papery, relatively smooth skins. Others have leathery skins, rough and shell-like. In between are those with thick but smooth skins.

Skin thickness has nothing to do with the quality of an avocado. Smoother, thin-skinned types are more attractive, but the rougher, thicker-skinned fruits are usually equally as delicious in flavor and quality.

The condition of an avocado can be detected by gentle pressure of the fingers. Here's where skin thickness does matter. At the best edible stage, thin-skinned avocados yield readily to pressure; thick-skinned types yield only slightly. Hard or firm avocados of good quality which lack the slight give of the finger are the market all year. In general the green, pear-shaped, thin-skinned type are available from November to August. Thick-skinned varieties are available May to November.

Gabriel Shrine Honors Brothers

Gabriel Shrine 78, Order of the White Shrine of Jerusalem, met Thursday evening with Mrs. Katie Pennock, worthy high priestess, and a d. Troy Johnson, watchman of shepherds, in charge.

The "brothers" of the Order were guests of honor. Twenty-eight were welcomed and after being escorted and introduced were presented with gifts from the Shrine. A monetary gift was presented to Mrs. Pennock by the special guests. The presentation was made by Charles McCollum, associate watchman of shepherds.

Three new members are to receive the degrees of the Order at the February meeting.

After the meeting Thursday evening there was a social hour and refreshments were served in the dining room to about 150 members and guests, a number of the latter from other Shrines.

Bay View Club Sees Tour Slides

Miss Beatrice Cooley was hostess to the Bay View Reading Club Thursday at the Rose Bowl. The group was entertained by Mrs. E. A. Krummick with slides and a commentary on a tour of England, France and Germany, and Mrs. George Holtzschger gave the origin of the hymn of the month, "O God Our Help in Ages Past," by Isaac Watts which was sung by the club with accompaniment by Mrs. Holtzschger. There were also slides shown of other meetings during the past few years.

Mrs. Emil Mueller presided over the meeting attended by thirteen club members and a guest, Mrs. E. A. Branding. The usual dessert course was served to the members and the guest.

BUNKO-ETTES MEET AT BATSON HOME

A party for the Bunko-ettes was given Thursday evening by Mrs. Florida Batson at her home on Sunset drive. These holding winning scores were Mrs. Juanita Blevins, Mrs. Rose Druhe, Mrs. Fay Briggs, Mrs. Ben Lashan and Mrs. Helen Lipchik. The next meeting on Jan. 26 will be with Mrs. Lipchik.

Warrior Cagers Win Dupo Tournament, Trojans Stay Unbeaten

GCHS Averages 89 Points To Three Opponents' 49

No. 13 Not Unlucky for High-Scoring Madison

Pouring in 246 points to their three opponents' 148, Coach Ralph Sackett's Granite City high school basketball players made it look easy last week as they powered their way to the championship of the Dupo invitational tournament.

Victors in five straight games, they held a 9-4 season record.

After their record 97-46 conquest of Belleville East in the opening round, the inspired Warriors clobbered host Dupo 79-40 Thursday night and then finished strongly in the second half to defeat O'Fallon 70-62 in the title game Saturday night.

Belleville West, which had won the last five Dupo tournaments, lost to Dupo 65-62 for third place Saturday.

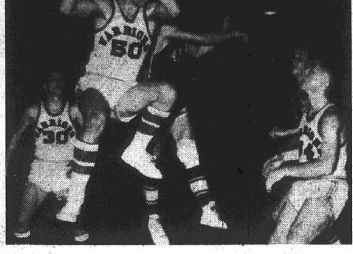

O'Fallon reached the title game on a 71-55 win over Roxana and a narrow 55-54 victory over Belleville West.

Jerseyville, which had lost to Dupo 60-57 in the opening round, won the consolation championship by beating Belleville East 60-48 Thursday and Roxana 72-59 Saturday. Roxana won its consolation semi-final 70-53 over Freeburg, a 75-57 victim of Belleville West in the opening round.

Free Throw 'Homework' Helps

The showdown battle Granite City and O'Fallon began as a tense duel, with the score knotted at 16-16 and 32-32 after the first two periods.

The lead changed hands often in the first half, but in the third quarter the Warriors' early morning free throw practice be-

gan to pay off and they gradually drew away, holding a 53-49 edge at the end of the period and outscoring O'Fallon 17-13 in the last quarter.

Granite City tossed in 23 of 55 field goal attempts and connected on a sizzling 23 of 29 free throws. O'Fallon totaled 24 goals and 14 charity tosses and committed 19 fouls to the Warriors' 16.

Co-Captain Jim Hentzel fouled out in the final period but topped the Warrior scoring with 24 points. Terry Moore tallied 14, Gary Simpson 11, John VanBuskirk 11 and Jeff Jones, 10.

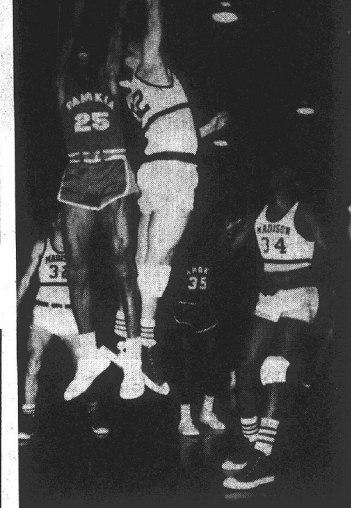

Jones Provides Spark

Against Dupo, Jones also was one of five Warriors who scored in double figures and was credited with giving the Warriors a timely lift after entering the game in the second quarter. His ball-hawking proved helpful, and he also was credited with smoothing out the floor play.

Granite City had forged a 16-13 first period lead and roared to 20-6, 20-7 and 23-12 margins in the ensuing quarters to come within one point of doubling the score on the tournament hosts.

Simpson scored 14 points, Moore 12, Hentzel 11, Jones and Jim Stuart 10 each, VanBuskirk eight, Mike Hoy six, Roger Belshe four and Mike White and Bob Malottki, two points each.

Granite City missed numerous free opportunities, connecting on 17 of 35 to Dupo's eight of 18, but was red hot in its field goal marksmanship, cashing in on 31 of 41 tries to the losers' 16 of 31.

WARRIOR CO-CAPTAIN Jim Hentzel picks off a rebound despite interference from O'Fallon's North (behind Hentzel), while Warrior John VanBuskirk (40) and O'Fallon's Cleveland come in to assist.

STRETCHING HIGH for a rebound as Madison defeated Cahokia Friday night are Davis of the visiting team and Madison's Steve Geroff. Others shown are Gary Lusk (32) of Madison, Tapley (35) of Cahokia and Trojan Alfred Boyd (34).

YMCA Lancers Defeat Madison Cage Squad

The YMCA Junior High Lancers defeated the Madison cage squad 60-54 at the YMCA Saturday.

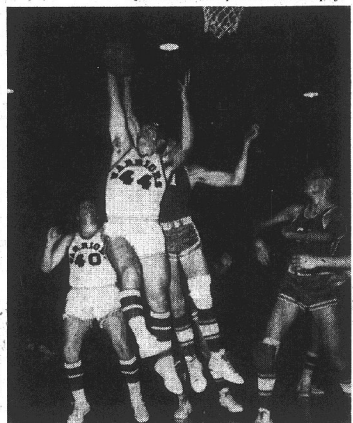

The Lancers rallied and overcame a six-point deficit to lead at the half 33-27. With both teams using full-court presses, Madison came within two points of tying the game in the third period, but a semi-stall by the Lancers in the final quarter stopped Madison.

Lancer pace setters were Barry Trotts with 18, Don Haddix 14 and Ron Simpson 10. Madison was led by Stewart with 16 points, Young 12 and Mason, 10.

GC Grapplers Edge McCluer; Record 8th Win

Granite City's wrestling Warriors recorded their eighth dual meet win this season by downing strong McCluer of Missouri 27-19 here Friday.

Going into the heavyweight class, the Warriors led by a slim margin of only 2-0 and it was imperative for Mike Middleton (heavyweight) to win or tie his match for the Warriors to emerge victorious. Middleton pinned his opponent in three minutes. It had been close all the way. Granite City led by three points after the 138-pound bout, 16-13.

Jan Gitcho, who was moved up to the 120-pound class from 112 pounds, lost his first match of the season, 4-2. His record is now 19-1 this season. Gus Schalkham, who traded weight classes with Gitcho, won over his opponent 15-0.

Fuchs, Miller Triumph

Bill Fuchs (103) pinned his foe in 2:03.

Bob Miller (95), who recently returned to the squad following an early season injury, pinned his opponent in 3:09.

Other Warriors winning their matches were Bruce Ties (145), 3-2; Ray Hankins (154), 3-1; and Paul Hoffman (165), who also came up on a weight, trading with Hankins, 3-1.

Bruce Cripps (127) and Ricky Smith (133) both lost their matches on default because of injuries.

(112), Ed Milton (120), Dempsey Cross (138) and Pat Breesee (154).

Sophomore winners were Marty Douglas (103), Mike Christopher (112) and Drew Shands (138).

The wrestling Warriors, who are 8-0-1, next meet East St. Louis Friday and 4 p.m. on Friday's mat in a Southwestern Conference dual meet.

WARRIOR JERRY LAPINSKI, despite the aggressiveness he demonstrates here, was outpointed 7-2 by McCluer's Randy Rubin (138 pounds) in this wrestling bout here Friday. The referee keeps close supervision of the competition.

CHINESE RED REQUEST FOR TECHNICAL DATA

The following letters have been answered by the Department of State:

I have received a letter from the National Bureau of Peking, People's Republic of China, requesting a technical bulletin published by our Association. Would you be good enough to advise us on the current policy of the State Department concerning matters of this nature?

Dear Miss F.: The United States government has no objection to the provision to the Chinese Communists of published, unclassified documents generally available.

If the document requested by the Chinese falls into this category, we would not object to your responding positively to their request.

I have received information from the Lithuanian and Latvian Legations that they are slightly confused.

I am under the impression that these two republics are not the Soviet Union, and cannot be.

Income Tax Questions, Answers

Injury Judgments Are Tax Free

By Jay G. District Director

Internal Revenue Service. This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q—I was hurt in a car accident and was compensated for my injuries by an insurance company. Is that money taxable?

A—Damages for injuries suffered in an accident are tax free.

Computing Car Expenses. Q—I rent a car for business use. Can I use the mileage rate for expenses instead of adding up the rental fees?

A—On a rental car, use the rental expenses plus the cost for tolls, parking fees and gasoline and oil as the expense figure. These costs, when incurred for business purposes, are deductible to the extent they are not reimbursed by your employer.

Q—If a rental car is also driven for personal or family use, then the costs have to be allocated between business and personal use. In this case, only the business portion of the expenses qualifies as a tax deduction.

Gas Tax Refunds. Q—I understand that farmers can now take gas tax refunds as a credit against income tax. Can this credit just be taken on gas used in 1966?

A—The credit can be taken for a period stretching back to July 1, 1965, on the return filed for the first tax year beginning after June 30, 1965.

For most taxpayers, this will be the return filed for calendar year 1966.

Be sure to file your tax return on time, however, the credit is lost if the return is late.

Q—Do you have to support a person all year in order to claim his or her dependency exemption? My mother moved in with us several months ago and

understand how the Soviet Union would allow this material to be sent out unless these two countries are maintaining governments in exile.

R. J. McN. The United States government has not recognized the forcible incorporation in 1940 of the three Baltic states, Estonia, Latvia and Lithuania into the Soviet Union.

To give effect to this policy of non-recognition, our government has continued to recognize and deal with those Baltic diplomatic and consular offices who represented the last free governments of their respective states.

The Lithuanian and Latvian Legations in Washington and the Estonian Consulate General in New York, listed in the Congressional Directory, represent the last free governments and the governments of the present Baltic Soviet Socialist Republics.

Do you have in mind? Send it to: "The Diplomatic Pouch" P/M, Room 4835 U. S. Supreme Court Building Washington, D. C. 20520

Joint, Separate Returns. Q—My wife took a part-time job for the holidays. If she files her own return to get a refund of her withheld taxes, can I still claim her exemption?

A—No you may not. A wife is not considered her husband's dependent.

When a husband or wife files a separate return, the other must file separately too. In this case, neither is permitted to claim exemptions, expenses or deductions of the other.

If your wife receives only a small amount of money from her job, it would probably be to your advantage to file a joint return. Compute your tax both ways to see which is best in your situation.

Q—How do you handle a year-end taxable dividend of stock? Do you report it in the year declared or the year received?

A—Report it in the year it is constructively received. This means that if you received the dividend or had it credited to your account in 1966, then it must be reported on your 1966 return.

Earnings Abroad. Q—I'm considering a job to be paid in dollars. I take it it will my salary be subject to U. S. tax?

A—Your salary is taxable if you take a job with the U. S. government overseas. You may be entitled to exclude all or part of your income from U. S. tax if you work for a private concern overseas.

The IRS booklet, "Tax Guide for U. S. Citizens Abroad," explains this subject in detail. Drop a post card to your district office asking for a free copy.

Assaults on Firemen. S. 16—Change to aggravated assault an assault made knowingly on a fireman engaged in official duties.

S. 20—Permits use of motor fuel tax funds for engineering studies and feasibility studies on toll bridge construction.

S. 23—Adds to the absence of a teacher not affecting contract continued service the provision for employment in a joint educational program established by law between the board by whom he is employed and one or more other boards.

S. 25—Provides that where merchandise worth \$100 or more is sold or contracted to be sold as a result of a salesman's direct contact with or a call on the consumer with the intent to induce him to purchase the merchandise, the consumer may avoid the contract or sale. This would be done by notifying the seller by the close of the next business day and by returning any merchandise.

Buyer would have 10 days after delivery to defend his contract or raise objections. Banned to collect an obligation from a spouse unless he has consented. Prohibits collection of debts by contractive, employee unless the obligation has been reduced to judgment or is subject to a valid court enforcement.

S. 26—Provides for survival of sales finance agencies by the Department of Financial Institutions, with respective and annual examinations to determine compliance.

S. 33—Increases from \$45 to \$65 a week the wages which hold head that are exempt from overtime (\$45 increased to \$50 for someone not heading a family).

S. 34—Invalidates assignment of wages not signed by wage earner's spouse.

S. 35—Permits denying, revoking or suspending the license of a new or used car dealer, used in the regular business of selling or leasing vehicles or wreckers for three violations or more of the laws on consumer finance, installment loans and retail installment sales.

S. 36—Issues of motorcycle operator license to any person under 18; provides for a six-month probationary period for a person 17 or older, allowing daytime operation while supervised by a licensed motorcycle operator.

S. 42—Permits establishment of investment clubs in any high school or voluntary high school; teacher to be designated by school superintendent as sponsor of the club and a student representative in buying and selling securities.

S. 43—Requires county clerk to accredit for each election investment clubs in any high school or voluntary high school; teacher to be designated by school superintendent as sponsor of the club and a student representative in buying and selling securities.

S. 44—Provides that if applicant for voter registration is a person with a physical disability, he may be assisted in voting by a person who is not a candidate for office and who is not a member of the same political party as the applicant.

S. 45—Provides that if a person notified to show cause why his name should be removed from the voter register is by reason of physical incapacity unable to appear in person, an affidavit may be made substantiating his registration (providing a doctor's affidavit is submitted stating physical incapacity).

S. 46—Provides that an electric voting system may be used in voting and tabulating judicial retention votes and must be used when more than 25 names appear on the judicial ballot.

When election voting system hold head that are exempt from overtime (\$45 increased to \$50 for someone not heading a family).

S. 47—Prohibits issuance of motorcycle operator licenses to persons under age 17, except that an instruction permit may be issued to a learner at age 16 under supervision of a licensed operator.

S. 61—Requires installation of footrests on each side of motor vehicles which have seat belts attached behind operator; requires mufflers and rear-view mirrors, and restricts handgrip height to the state championship.

Top Attractions for Tourists in Illinois are Museums

Chicago's top tourist attractions are its museums. As a matter of fact, one Chicago museum alone outdraws the Chicago Cubs, White Sox, Bears, Blackhawks and all the professional sports teams combined.

There are dozens of fine museums in Chicago—some large and some small—but the Museum of Science and Industry is the greatest institution of its kind in the world and attracts over three million visitors a year. It's located on the shores of Lake Michigan at 5th street.

They had found and today it has the world's largest collection of natural history exhibits. Field Museum has an international reputation for exploration—sending out hundreds of expeditions to remote corners of the world. Life-like dioramas show the evolution of man from primeval times and there are two 45-minute free recorded tours of the world of nature and the story of mankind.

Top Exhibit
Despite all the other competing subjects, the figure of Bushman, the famous gorilla, still ranks as a top attraction to the continuing surprise of Museum officials.

Museum Trinity
Just a few miles north on Lake Shore drive at Roosevelt road are three other world-famous museums. It might be said they form a trinity devoted to the study of the earth, the heavens and the waters.

Museums have been called "icebergs" with more stored away than can be exhibited. This makes it possible for constantly changing exhibits and popular annual features to be scheduled to tie in with every season.

Field Museum, one of the trinity, celebrates its 75th anniversary next year. It was formed when a group of Chicagoans decided to display some treasures

Over 5000 Fish
Shedd Aquarium is located between Field Museum and the Adler Planetarium. Here you can come face to face with over five thousand fish... sharks and stingrays... trout and muskies. Over 300 tanks line the six galleries and you may visit the swamp pool—with massive turtles and catfish, the balanced aquarium room with hundreds of tropical fish, or the colorful coral Rainbow Reef.

Returning to Chicago's Museum of Science and Industry, we find under one roof all the finest accomplishments of man as a builder. The 14 acres of exhibits include something of interest to all ages and both sexes.

The world's first reaper is contrasted with a replica of a modern midwestern farm with up-to-date agricultural equipment. There are realistic replicas of early boats, stage coaches, locomotives and horsedrawn fire engines.

\$500,000 Doll House
The half million dollar doll house is bound to fascinate the ladies, young and old, and home interiors showing the evolution of house furnishings and equipment have universal appeal. Visitors can go down into a real coal mine or through a submarine, watch chickens breaking out of their shells, see their own

pictures shot into space and back again by a miniature Telstar satellite. One can walk through a gigantic replica of a human heart and actually hear it throb, or go into a simulated steel mill and feel the heat as what appears to be molten metal flows out.

The Museum of Science and Industry has been described as a carnival of science, a do-it-yourself museum. You may pull levers, turn cranks and enjoy yourself finding out how everything works. You can get into the act without a single "Do not touch" sign.

Some museum lovers deliberately pick the stormiest days of the year to visit their favorite museum for leisurely viewing. If you have any curiosity about where you came from and where you are going, if you are interested in your ancestors or the world in which your descendants will live... you'll be fascinated by the offerings at Chicago museums.

The four museums mentioned here are all housed in architecturally famous buildings and feature plenty of parking space, although they are all accessible with public transportation facilities.

A WALK IN SPACE, strange fish of the sea, mysteries of heaven and life as it was a million years ago are all within walking distance of each other on Chicago's lake front—in the Chicago Museum of Science and Industry, Adler Planetarium and Shedd Aquarium.

Pfc Bobby Criss with Infantry in Vietnam

Army Pfc Bobby L. Criss, 19, son of Mr. and Mrs. Roy L. Criss, 1710 Edison avenue, has been assigned to the 25th Infantry Division in Vietnam, Dec. 29.

Pvt. Criss, a mechanic in Headquarters Company, 2nd Battalion of the division's 27th Infantry in Cu Chi, entered on active duty in August 1965 and was last assigned to the 37th Artillery in Germany. Before entering the Army he was employed by Butch Chain Link Fence in Madison.

Pfc Michael Krauskoff Arrives in Vietnam

Army Pfc Michael J. Krauskoff, 20, whose parents, Mr. and Mrs. William K. Krauskoff, and wife, Cheryl, live at 2809 Sara-va avenue, Granite City, has arrived in Vietnam with his unit, the 2nd Battalion, 11th Artillery. The unit was previously located at Ft. Campbell, Ky.

Pvt. Krauskoff, a cannoner in the battalion's Battery B, entered the Army in February 1966. He was graduated from Assumption high school, East St. Louis, in 1964.

196 Juveniles Handled By GC Police Last Year

The juvenile division of the Granite City police department was in contact with 196 juveniles during 1966, including 149 boys under the age of 17 and 47 girls under the age of 18.

Of the total, 168 represented new cases. Others interviewed were not directly involved in a violation of the law or were questioned about violations. The types of violations and the number of youths involved were:

aggravated battery, two; burglary, 14; curfew violation, six; disorderly conduct, seven; fighting, two; forgery, one; false reports, one; general misbehavior, one; investigations, 21; liquor violations, six; profane language, one; run-aways, four; sex offenses, 21; theft by deception, one; theft, 51; vandalism, 26; apprehension for probation officer, two; parole violations, four; and otherwise in need of supervision, three.

Ten petitions were filed in juvenile court, all have been heard, and the 10 violators are under the supervision of the court.

The four parole violators have been returned to institutions, including three to the St. Charles training school in Illinois and one to the Booneville reformatory in Missouri.

SIU-SW Receives \$45,200 Grant

The mathematics faculty of Southern Illinois University-Southwestern Campus has received a \$45,200 grant to conduct a summer institute in mathematics for high school teachers.

The institute, which will begin June 19 and terminate Aug. 11, will allow 40 or more teachers to study mathematics intensively, aided by regular classes, seminars and lectures by outstanding foreign and American educators.

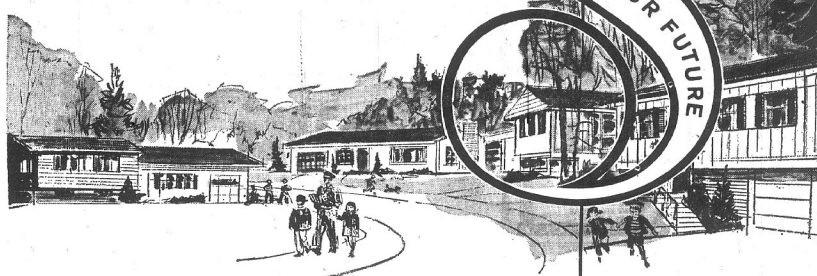

This year's institute will be held in the recently completed science building on the campus, under the direction of R. N. Pennington, professor in the science and technology division. This is the fourth consecutive institute to be funded by grants from the National Science Foundation.

December Birthrate Drops; Marriages, Deaths Increase

Births in Madison county during December declined from the number reported for the same month a year ago, while marriages and deaths within the same four weeks period increased, according to statistics released this week by Miss Eula Hotz, Madison county clerk.

The report showed 162 boys were born last month, compared to 158 in December 1965, and 162 girls compared to 163 born in the same month a year ago. The total births showed a decline of 27. Among the births were two sets of twins, one pair less than in 1965.

A total of 172 deaths was reported last month, an increase of 14 over the same months in 1965, while 218 marriages were performed, 28 more than the number reported one year ago.

Fire in Washer, Shed, Machine This Weekend

Fire originating in a washer caused \$30 damage to a washing machine at 12:10 p.m. Saturday at a home owned by Edward Johnson at 1713 Spruce street.

On the same day, Granite City firemen extinguished a fire in a cleaning machine at the Granite City Metal Decorating Co., 1100 Niedringhaus avenue, at 1 p.m.; washed away spilled fuel oil outside the Steinberg furniture store, 1825 State street, at 3:40 p.m.; and answered false alarms in the 2600 block of Madison avenue at 5:05 and 5:30 p.m.

A small storage shed caught fire at 11:20 a.m. Sunday at a home occupied by Harold Kendall, 2435 Ohio avenue. No damage was listed, there or at the decorating firm.

Heart Fund Leases SIU-SW Building

Service Area Eight of the Illinois Heart Association, which covers nine counties, including Madison county, has established offices in a building formerly used to house the Student Employment and Placement services of Southern Illinois University-Southwestern Campus.

Prior to leasing the University building, located on Poag road, Heart Association business was conducted from the home of the field director, Kenneth Grubb, who has been with Heart Association since 1957, said that the new offices would greatly increase services to the area. Area Eight includes Madison, Bond, Calhoun, Clinton, Jersey, Monroe, Randolph, St. Clair and Washington counties.

The Heart Association, which is currently planning an area fund drive to be launched Feb. 1, has the building leased until June 30.

2nd Special Education Program Here Tonight

The second program in a series designed to interest and encourage students to enter the field of special education or related professions will be presented at 7 p.m. today in the Granite City high school library under sponsorship of the local chapter of the Council for Exceptional Children.

All area high school students are being invited to attend. Tonight's program will detail careers in allied fields which aid special education curriculum in schools.

Speakers will include Joseph Budde, executive director of Specialized Services, Inc., which operates production centers for the handicapped in Granite City and Alton. The administrator will discuss training of rehabilitation counselors and describe teaching methods used in the sheltered workshops.

Dr. Benjamin T. Rose, local optometrist, will speak tonight on "Developmental Vision and Near Point Refraction." The program series was initiated by the chapter two months ago at Edwardsville high school, where students heard detailed accounts of teacher responsibilities in various areas of special education.

The Council for Exceptional Children is composed of teachers, school administrative personnel and other professionals involved in various Madison county school districts. Mrs. Evelyn Gavin, a special education teacher at Lake school, is council treasurer.

Farm Column

By Warren W. Bundy
Madison County Farm Adviser

Food Spending Changes

Since world war II, at least two important changes in family food spending have special meaning for people in agriculture. One is the declining share of total family spending going for food. The other is the declining share of rural families' food that is home produced.

Since 1947, the percentage of disposable personal income spent by families for food has dropped from almost 26 to 18.2.

The value of all food used at home and away by U. S. households rose from \$30 a week in 1955 to \$35 last year, according to the U. S. Department of Agriculture. In 1955, about \$5 of the total went for meals and snacks away from home. Last year the figure rose to \$6 a week.

Changes in spending for food away from home haven't been as large as expected considering the gain in real income, numbers of working wives, and off-farm jobs. However, the share of the food dollar spent for eating out increases sharply as the family's income rises.

Food spending patterns for farm families have changed sharply during the past decade. Farm families spent more for food away from home in 1965 than in 1955, almost \$4 compared with about \$2. Spending for food at home also rose, from \$15 to \$21. Some of this increase was due to higher food prices and some to trends away from using home-produced food.

These figures support observations that the farm family's way of life is becoming more like the urbanite's. Off-farm work probably has had a lot to do with the changes. Farm families like eat meals away from home while doing off-farm jobs. And such employment means less time to tend gardens or to keep farm animals and poultry for home use.

Vegetable Grower School
Vegetable growers in St. Clair, Madison and Monroe counties will hear the latest information on vegetable production at their two-day annual vegetable growers' school Jan. 17 and 18.

The school will begin at 9 a.m. the first day, and 9:30 a.m. the second day. It will be held in the Vegetable Growers' Hall, Bunkum road, near Caseyville. Most of the speakers are members of the staff of the University of Illinois College of Agriculture. Program topics the first morning include 1966 horseradish variety trials, horseradish diseases and their control, irrigation, and 1967 insect control recommendations. Topics that afternoon are herbicides for horseradish, processing, plant and soil tests, and development of sweet corn.

are wheat diseases, vegetable herbicide recommendations for 1967, sweet corn and vegetable varieties, and specialty crop possibilities. Topics that afternoon are agricultural provisions of the new wage-hour law, pickles for processing, culture of pickles, and corn earworm studies.

Dinner will be served each day by wives of association members. Chris Doll, area adviser in horticulture, assisted the association officers and directors in planning the program.

Association officers are Robert Fournie, president; Alvin Weissert, vice-president; Cy Weissert, secretary; Martin Birk Jr., treasurer; and Martin Arth, Homer Bruns, Melvin Julien, Evarist Schwartz, Louis Strackelmann, George Willstedt and Robert McMillan, directors.

Hog Cholera Eradication
Illinois is in phase III of the hog cholera eradication program. In this phase the main goal is prompt elimination of those few infected and exposed herds that remain a threat to complete hog cholera eradication. Indemnity payments will support this phase in Illinois.

Four outbreaks of hog cholera were reported in Illinois during November 1966. All four outbreaks were in the northern half of the state.

Rabies Cases
A total of ten cases of rabies in animals were identified in seven Illinois counties during November 1966. One such case was in Madison county where rabies was identified in a dog. The other nine cases in Illinois were in skunks.

Students Making Up to \$900 May Get Refunds

Illinois students who work part-time or summers may have a refund coming on their 1966 federal income tax returns, according to Jay G. Philpott, director of IRS for central and southern Illinois.

Students are required to file a tax return if they earn \$600 or more during 1966 and taxes were withheld from their wages by their employers. They should file a return to obtain a refund of the tax withheld, Philpott said, but not until all W-2 forms stating wages paid and taxes withheld are received from employers.

Unmarried students who earn less than \$600 will not owe any tax since they are entitled to a personal \$600 exemption plus a minimum \$300 standard deduction.

Parents who furnish more than one-half the cost of support for their child who is a full-time student may also claim an exemption on their return unless the child is married and filing a joint return with his or her spouse.

\$105,464,211 Set For SIU Budget; Cut \$4½ Million

The Illinois Board of Higher Education recommended a total budget of \$105,464,211 for the Western and Carbondale campuses of Southern Illinois University for the next biennium at a meeting last week in Chicago.

The amount was \$4,568,000 less than requested by university officials. A single request for \$230,000 to help pay the costs of utilities for the new university center on the local campus was denied.

A request for \$104,600 to extend SIU's labor institute to the Western campus was cut to \$50,000. A request for \$623,300 to operate SIU communications facilities was trimmed to \$333,441, an eliminated was placed for an FM radio station at the new campus.

Also trimmed or eliminated were:

A \$702,942 request for operations of new buildings, cut to \$236,507; a \$919,858 request for organized research cut to \$344,886; a \$807,850 request for changes in the University School at Carbondale, denied; a \$402,639 request to rent space at Carbondale, denied.

A \$360,000 request to computerize the university's business operations, cut to \$180,000; a request for \$350,000 for the education of junior college teachers, cut to \$180,000; a request for \$1,597,638 to revamp the vocational-technical institute at the Little Grassy campus, cut to \$780,138; and a \$330,000 request to expand library collections on both campuses, denied.

The SIU budget was listed in a total of \$801,066,214 recommended for all state-operated colleges and universities for the next two years, a 38% increase. Of that amount, \$460,910,538 will be asked from the General Assembly, with the rest, \$336,285,395 to come from other income as tuition and fees.

Parked Car Damaged

An Auto driven by James R. Goes, 2038 Hildebrand avenue, Cloverleaf addition, and a parked car owned by Gertrude Main, 2001 Harris street, Madison, were damaged at 10:15 p.m. Thursday when Goes' car struck the parked car in the 2000 block of Harris street. Goes told officers he lost control of his car while backing and his car skidded into the Main car. Both vehicles were damaged on the left side.

PTAs Appreciation Dinner Is Scheduled for Feb. 9

Plans were completed last week for the annual "Parent-Teacher Appreciation Dinner" to be sponsored by the Granite City Area Council of PTAs. The event was discussed at the council's executive board meeting Thursday evening in the library at Coolidge junior high school.

Board members set Thursday, Feb. 9, as the date for the annual smorgasbord dinner, when outstanding contributors to parent-teacher activities and education are honored by representatives of local PTA units. The affair will be held in the senior high school cafeteria. Mrs. Kathleen Tudlock, council secretary, urged PTA units to submit, as soon as possible, the names of nominees for the Life Membership Award. Each year an educator or PTA member is chosen to receive the council's top honor.

Qualifications of each candidate must be reviewed prior to the selection being made, she said. Reservations for the dinner are now being accepted by local unit presidents, Mrs. Tudlock added.

Homor Johnson, council legislation chairman, announced that plans are under way to sponsor a "School Board Forum," at which time candidates in the April 8 Granite City school board election will be asked to discuss their credentials and positions on various issues. No date has yet been set for the forum, Johnson said.

In other action, board members expressed their appreciation to Eugene Alassi, Granite City high school art director, who has again agreed to direct and supervise the annual "Acts of Art" program on Monday, May 15, in the Memorial Gymnasium.

Through the sale of art work and donations at the door, proceeds from the show provide a scholarship to a deserving art student each year. The event is co-sponsored by the high school art department and the PTA council.

Mrs. Ruth Lahr, director of Project Life-Off in Granite City Schools, will be the guest speaker at the council's bi-monthly general meeting Thursday, Jan. 26, starting at 7:30 p.m. at Emerson school.

The program director will discuss aid to education programs conducted in local schools and a tour of the mobile classroom facilities constructed for the federal program at Emerson school will be made by those attending the meeting.

Group Preparing Grant Application
The Nameoki Township Citizens Committee approved plans to prepare an application for federal funds to cover costs of a preliminary study of a possible sewage system at a meeting held in the town hall Thursday evening.

A grant request will be sent to the Housing and Urban Development Agency as soon as the application is complete, a spokesman said.

Previously the township had asked the Farm Home Administration, an agency of the U. S. Department of Agriculture, for funds, but FHA ruled that the township did not qualify under its jurisdiction.

The committee also adopted a motion to permit a sub-committee to contact any state agency in seeking funds for the preliminary study.

Talk at SIU-SW Today On Verbal Learning
Prof. Donald H. Kausler, chairman of psychology at St. Louis University, will be the speaker for the second Psychology Colloquium of the academic year at Southern Illinois University's Western campus today.

Kausler, who has written and conducted extensive research on the basic processes in verbal learning, will talk on "Verbal Learning in Children." The meeting will be at 4 p.m. in Room 1225 of the Science Building, following a 3 p.m. reception in Room 2212 of the same building.

PTA Study Course Starts Here Jan. 24

A four-part basic study course open to all members and prospective members of Parent-Teacher Association units is to be sponsored by District 29, Illinois Congress of Parents and Teachers. The first session will be held at 7 p.m. Tuesday, Jan. 24, at Maryville school.

In announcing the new study courses today, Mrs. Ida Hanfelder of Granite City, District 29 director, said those completing the instruction series will receive special ICPT certificates. Dates for subsequent sessions are to be set at the initial meeting, she added.

Local units within District 29's three-county jurisdiction are being contacted this week to determine the number of persons expected to attend, Mrs. Hanfelder said. Pre-registration is not required, the director reported, noting however that district officials are seeking an estimate figure in order to secure sufficient textbooks and other materials.

PTA members who have copies of local unit bylaws, PTA manuals and ICPT Yearbooks are being requested to bring the publications to the classes, Mrs. Hanfelder said. Each of the four sessions will be limited to three hours, she explained.

Mrs. V. J. Brazier of East Alton, district leadership training assistant and ICPT vice-president, will conduct the course.

Miss Suzuki to Perform For Soldiers at Depot

Miss Pat Suzuki, Japanese-American actress currently starring in "The Owl and the Pussy-cat" at the American theater, is to present a special performance for troops at the Granite City Army Depot at 4:30 p.m. today.

3 Nabbed With Liquor As Police Use Radar
Three persons were arrested on charges of illegal possession of liquor-opened bottles—as police operated a radar unit at 13th street and Edwardsville road Saturday morning.

They were John J. Wooten, Cottage Hills; Robert D. Ward, 164 Voight place, Mitchell; and Randy L. Cochran, 1316 Meridian street. Cochran also was charged with speeding, attempting to elude a police officer and driving while intoxicated.

Others arrested at the intersection were Kenneth E. Rone, 2813 Madison avenue, charged with speeding 70 miles per hour and having no state license; Grady Jinkers, Cahokia, speeding; and Gerald W. Johnston, O'Fallon, speeding. All were summoned for hearings by Jan. 31.

Point Sproyed on Auto
Irene Nienhaus, 2905 Madison avenue, reported at 8:15 a.m. Friday that red paint was sprayed on the right side of her 1963 auto while it was parked in the 2300 block of Hodge avenue between 5 and 7 p.m. Thursday.

All-Numeral

Cities is part of a Southwestern Bell program to convert all telephone numbers in the states served by the company to ANC gradually over the next few years.

"With All Number Calling, telephone numbers in this area will be of the same type as most phone numbers throughout the country," Ward said. "This standardization may make it more convenient for the telephone user when he travels on business, makes vacation trips or moves to another city."

Ward noted that all-numeral numbers will eliminate dialing errors caused by confusion of the numeral "1" with the letter "I" and of the letter "O" with "zero."

All Number Calling is also a step toward worldwide dialing, where the language problem prevents the use of letters.

is permitted by the ordinance because of low population density, such burning would be allowed only between the hours of 10 a.m. and 4 p.m.

The ordinance also prohibits open burning due to any salvage operation or the burning of trade wastes except by special permit which must be obtained from the administrator of the control law.

Burning of leaves and plant life will be prohibited in areas covered by the ordinance except areas of low population density as determined by the administrator five years after passage of the ordinance. Meanwhile, such burning "in such manner as to cause nuisance, detriment or annoyance to any person or the public is prohibited."

Naphtha Causes Slight Change in Water Taste

Only a slight change in the taste of local water was noted after naphtha accidentally entered both the Chouteau and East St. Louis intakes of the East St. Louis Interurban Water Co. Thursday afternoon and evening.

Six to eight thousand gallons of naphtha apparently leaked into the Mississippi River from an upstream barge tow near Wood River, J. G. Carns Jr., water firm manager, said. The state public health department has begun an investigation of the release of the flammable petroleum product, which is used as fuel, solvent and illuminant.

Typed Quarterly Reports On Withholding Sought

Employers are being urged to use typewriters or other business machines in preparing Forms 941, the quarterly return for reporting income tax withholding and social security taxes of employees, Jay G. Philpott, district director of Internal Revenue for Central and Southern Illinois, said today.

Reason for the request is that the Social Security Administration is using an optical character recognition machine to transfer wage information from the Forms 941 into its electronic data processing system. This "reading" machine, which will provide improved service to the public, cannot yet read handwriting, handprinting or colored inks. Handwritten returns will be accepted by the IRS, however, Philpott explained.

Unihah Scout Groups Hold Work Sessions

Committee plans in four fields—advancement, leadership training, camping-activities and organization-extension—were developed in simultaneous sessions during a monthly Unihah Boy Scout district board meeting Thursday night at Illinois Power Co.

A film, "Is This Your City?" was shown by District Executive Edvin Menke to illustrate downtown area scouting needs. Cameraman Edward Stone reviewed scout unit conditions and Chairman William F. Winter announced plans for weekly scout coffee hours.

Training for new district board members was scheduled for 8 p.m. Thursday, Jan. 26, at the home of Dr. Leo M. Coleman.

7 Females Put Near Body A grouping of seven females found near the body may have some significance or connection with the Black Muslims or with those who are anti-Muslim, police report.

Authorities have been looking for Clyde X to question him in connection with the three deaths. He has been missing since his home was bombed earlier last week.

According to reports, Andrew D. Hoffman was charged with murder and assault with intent to kill last October after an attack on three Muslims. One, John Moore, was killed in the shooting, while Hoffman's brother, Timothy, and Clyde X were wounded. Hoffman was free on bond pending trial on the murder and assault charges.

Concerning the Tyson murder, the FBI entered the case because the murdered man had been kidnapped and taken across a state line, officials explained.

Rulings on County Buildings, Taverns

A county building to be used for multiple purposes may be constructed by a county board, Attorney General William G. Clark has held.

Included in such a building, Clark's opinion advised State's Attorney Robert E. Richardson of LaSalle county, may be a county detention home. Tax funds for such a building, the opinion said, may be used to pay a proportionate share of construction and maintenance expenses, provided all statutory requirements are met.

Other new rulings by Clark: A retired associate circuit judge does not have power to perform marriages in Illinois unless he does so while being assigned judicial duties by the Supreme Court.

A member of the Illinois State Employees System does not qualify for military service credits in the system unless he re-enters state employment within one year from the date of his honorable discharge from military service.

A county ordinance prohibiting women bartenders is valid and enforceable, and a tavern keeper then employing women to tend bar risks the revocation of his license.

Venice Man Shot, Wounded; Police Seek Assailant

Venice police today were seeking a man identified as "Lonnie," who reportedly shot and wounded John Sanders, 29, of 104 Lee Wright Homes, Venice, in the mouth, early Sunday morning.

Sanders was taken to St. Elizabeth Hospital about 7 a.m. yesterday by the gunman, a woman, who gave police the details of the shooting. Sanders was admitted to the hospital after head and facial x-rays were made.

Donald M. Randolph, 27, of 174 Lee Wright Homes, told police he joined "Lonnie" and a woman called Shirley at a tavern in Lovejoy about 6:30 a.m. Sunday.

The trio later was joined by Sanders, who asked Randolph to take him home. "Lonnie" said he would take all of them home, police were told.

When the group arrived in front of Sanders' home at 104 Lee Wright Homes, "Lonnie" became irritated because Sanders took too long to get out of the car. Randolph told police, he said "Lonnie" went around to the right side of the car, pulled the door open and fired at Sanders with a nickel-plated .38 caliber revolver. The shot struck Sand-

ers in the mouth. The assailant then closed the car door and began driving. Randolph said he urged the driver to take Sanders to the hospital and at first was reduced, later agreeing to do so. The three of them took the wounded man to the emergency room and waited while Sanders was x-rayed. Before taking Sanders to the hospital, Randolph related, "Lonnie" decided to get rid of the gun and put it in a trash barrel in an alley between Washington and Iowa avenue in the 2900 block.

From the hospital the woman was taken to a motel, and then "Lonnie" drove with Randolph to East St. Louis. He stopped at a public telephone and asked Randolph to call the hospital to see how Sanders was.

Randolph was making the call when he was arrested by police. Randolph said he called a friend who drove him to National City where he notified police of what had happened. National City officers called Venice police, who later recovered the gun.

Police said there were Georgia license plates on the car.

Faces Disorderly Charge
Willie J. Crosby, 20, St. Louis, was arrested by Madison police on a charge of disorderly conduct at 4 a.m. Saturday at Second and Jackson streets, West Madison. He was released pending hearing.

Four Youths Nabbed By Guards at Plant

Three area youths and another formerly from here were nabbed by security guards at the Olin Industries plant at East Alton at about 4 a.m. Saturday in an auto containing items which were identified as having been taken from a Cottage Hills service station.

Taken into custody were William Owens, 17, of 2436 Highway 67, driver of the auto, James Kelly, 18, of 121 Big Four place, Mitchell; Paul Johnson, 17, of 121 Lennox street, Mitchell; and Jerry Sidwell, 18, of Alton, formerly of Granite City.

In the 1957 auto were several guns, batteries and a jack, authorities said. Charges filed included criminal trespass and a charge of improper display of state license plates against Owens. Burglary charges were to be filed today.

A check showed that the car was purchased in Missouri and had not been registered in Illinois. License plates on the auto were obtained for a 1957 auto of a different make.

The security guards became suspicious while observing the auto in the plant parking lot. The four were being held today in the Madison county jail.

Innocent Verdict in Death of Local Worker

Jurors chosen at Granite City and then sequestered for three nights at Edwardsville deliberated three hours and returned a verdict of innocent at 9 p.m. Friday in the murder trial of Clarence Dale Howard, 27, Edwardsville. Associate Circuit Judge Fred P. Schuman presided.

Howard had been charged with the Sept. 27 fatal shooting in Edwardsville of Elmer Yarbber, 41, Edwardsville, an employee of the Laclede Steel Co. plant in Madison. Attorney Irving M. Wiseman of Alton represented Howard.

Howard admitted the shooting and said it occurred after Yarbber attempted to hit him in an argument over Howard's wife, who had been out with Yarbber the previous night. Howard said that earlier in the day of the shooting he attempted to talk with Yarbber to prevent a similar occurrence. He then followed Yarbber in his car, and when both left their autos, Howard said, he shot Yarbber with a .22-caliber revolver.

linville and Edwardsville townships in the county.

The ruling does not include Granite City and Alton townships whose boundaries are co-extensive with those of cities. Consequently, filings are under way in Granite City and Alton on a normal basis.

Clerks Make Decisions
In the other townships, however, town clerks have been left to their own decisions as to the policy to be followed.

In Nanticoke township, Town Clerk John Karlechik at first announced he would accept petitions in as past years. On the opening filing date last Monday, Supervisor Harry Briggs, Assistant Supervisor Roger Delour and Highway Commissioner Charles Hanks, all incumbents whose terms expire this year, filed petitions of candidacy, running on a ticket as the Labor Party.

On Friday, Karlechik discontinued acceptance of any more petitions from independent candidates pending action on the proposed state legislation designed to resolve the difficulty.

In Chouteau township, Town Clerk Walter Sparks requested candidates for highway commissioner, the only office open to election in that township this year, to delay their filings until outcome of the emergency state bill is determined.

Claude Echols, assistant supervisor, and Frank Kimach, highway commissioner, of Venice township, have filed their petitions with Town Clerk Thomas Foley, who said Friday he is uncertain what procedure will be followed unless the legal conflict is cleared up soon. He said he is waiting for an opinion from the township attorney in the matter. Echols and Kimach are the only township officials whose terms expire this year.

The township elections will be held simultaneously with the Granite City municipal election on April 4. Filing periods consequently coincide in Granite City.

Four Candidates File
Four candidates have filed for township posts in the Granite City town election—William B. Webb Jr., Carl H. Roach and Mrs. Mary Ann Gaughan, all incumbent assistant supervisors seeking re-election, and Leroy Mangiaracino, as candidate for one of the three supervisor posts expiring this year. The filing period opened last Monday and will close on Feb. 13.

Six candidates had filed today for election to city offices which will include eight aldermen and one superintendent of streets. Candidates filing thus far include Dale Skeen, 2453 State street, who filed petitions as a candidate for alderman of the eighth ward alderman of the Seventh Ward late Thursday afternoon.

In addition to Skeen, candidates who will file include William Warfield, incumbent, seeking re-election as superintendent of streets; Gerald Parmley, incumbent, for Sixth Ward alderman; William Harrison, Fourth Ward alderman; Emerald Daves for Eighth Ward alderman; and Clyde Boyd, incumbent, for Third Ward alderman.

One additional filing was received this morning when Edward W. Schmidt, 2533 Lynch avenue, filed petitions as a candidate for alderman of the eighth ward. Schmidt is employed at Granite City Steel Co.

The city election in Granite City and the township elections in the Quad-City area and the rest of Madison county on April 4 will be followed on April 8 by election of school board members in the 15 Madison county school district.

Three Districts Elect
In the Quad-City area, board members will be elected in the

GC Boy Gets \$225,000 In Malpractice Suit

A young Granite City boy who was the victim of a defective circumcision in June 1964 received an out-of-court settlement of \$225,000 in a malpractice suit. It was disclosed during a guardianship estate hearing last week in Edwardsville.

Amounts paid by four defendants were \$100,000 by Dr. Jose Parada, \$80,000 by the hospital, \$60,000 by the Ritter Corp., manufacturer of the circumcision machine used in the case, and \$8500 by Dr. Lawrence Aronberg.

The hearing was held by Associate Judge J. H. Streep to protect the interests of the boy in the settlement. Victor Eugene McCurtis, son of Mr. and Mrs. Bob McCurtis of Granite City, was at the time.

The First Granite City National Bank was named as guardian in charge of the funds until the boy reaches legal age. Attorneys for the boy, Morris B. Chapman and George G. White, were allowed \$75,000 of the settlement as legal fees, and \$2221 in medical bills were ordered to be paid. The defendants were ordered to pay \$500 in court costs and \$10 as the court reporter's fee.

Hit-Run Accident
A car driven by Betty L. Welsh, 2601 Dale avenue, was damaged on the left side at 2:50 a.m. Saturday when struck by a hit-run driver at Fourth and Iowa streets. Police said the Welsh car was headed south on Iowa street when the other car rounded the corner off Tenth.

Granite City School District 9, Madison District 12 and Venice District 3.

Filing periods for the school district election will open in all districts at the same time, Feb. 22, and will close at noon on Saturday, March 18. Petitions of candidates will be filed with the offices of the respective board secretaries.

In Granite City, board secretary Dr. E. W. Walton will accept filings from 8 a.m. until 9 a.m. on the opening filing date. Mrs. Martha Rochester will accept petitions until the March 18 deadline at noon.

The three members of the Granite City district whose terms expire this year are Dr. Walton, Carl Macios and William Harris. Venice school district will elect two members of its seven-man board. Expiring terms are those of Fred Durer Jr., board secretary, and John Gonterman.

Three school board members will be elected in Madison. The terms of John Belloff, now board president; Chester M. Manaway and Cal Fisk expire this year.

More City Elections
City elections will be held on April 18 in Venice, Madison, and Pontoon Beach in the Quad-City area as well as in other communities in Madison county.

In Venice, voters will elect four aldermen to four-year terms and one alderman in an unexpired two-year term. Terms expiring this year are those of Aldermen Oscar King, Hank Sveita, George Mangiaracino and James Miller. The unexpired term is that of Rinnie J. Winch, who has moved out of the city.

Madison voters will name five aldermen to the expired terms of Emil Ulanski, Charles McKahan, Richard George Mangiaracino, Chester M. Manaway and Steve Kello and John W. Haynes.

Five offices will be open to election in Pontoon Beach, members of Mayor Thomas Stoicoff, city clerk Edison J. Phelps, and board trustees Lawrence T. E. Sore, Tony Jackson and Robert A. Springer.

4 Approvals, Rejection By County Zoning Unit

The Madison County Zoning Board of Appeals has voted to grant three mobile home requests and deny a fourth, it was announced today.

It also will recommend to the County Board of Supervisors that Donald L. Beasley be granted a special use permit to reopen a coin laundry and operate a restaurant in an R-4 one-family residence district in Chouteau township.

The board decided to recommend denial of a special use permit to Wilbur V. Wolf on setting a mobile home in an R-3 one-family residence district in Chouteau.

Mobile home permits were approved for Carl and Timothea E. Waller, R-3 district, Nemoiki township; Marie C. Venditto, B-2 highway business district, Chouteau township; and T. A. Barton, R-4 district in Chouteau township.

GC Motorist Faces Four Traffic Charges

Vandals slashed four tires on a 1962 auto owned by Vernon Clutts, Rural Route One, while it was parked in an alley at 23th street and Grand avenue to load luggage at 11:42 p.m. Sunday. The car was towed to a garage.

Arrested in Madison

Two men who forced their way into a house at 925 Iowa street, Madison, at 8:20 a.m. Sunday were charged with disorderly conduct. One of the men, Martal Swigert, 21, of 1705 Venice avenue, also was charged with intoxication. Police said they were called to the address and arrived as they saw Swigert crawling through a door from which two windows had been broken. Inside they found Swigert and Carl W. Rice, 26, of 2121 St. Clair avenue. Hearings are set for Feb. 1.

Arrested on Warrants

Gary Bradley, 17, of 2333 Circle drive and Gary Carter, 17, of 2609 Nameoki drive were arrested on disorderly conduct warrants after police were called to 20th and Nash streets by Granite City Steel Co. watchmen at 7:35 p.m. Saturday. They were released on \$25 cash bonds.

Parent Education Stressed To Avert Serious Delinquency

Strong efforts to curb juvenile delinquency before it takes firm root is the primary purpose of an increased emphasis now being placed by Coordinated Youth Services through intensified parent education programs, Granite City Optimists were told Thursday afternoon.

Optimist vice-president Dr. Raymond E. Troyer, a professor at Southern Illinois University, Southern Campus and a member of Coordinated Youth Services board of directors, explained that by providing more information and education to parents, the youth organization hopes to avoid serious delinquency problems rather than wait until minor offenses develop into grave wrongdoing.

Dr. Troyer, presiding at the Optimist's weekly luncheon meeting in the YMCA, introduced

William L. Harris, also a Coordinated Youth board member, who showed a film strip, entitled "Never Looked at It Like That Before."

One of a series of films available from CYS for presentation to local groups, the film is designed to stimulate discussion among teenagers themselves as a means to expose present-day problems in four main areas—use of narcotics, sex, smoking and use of alcoholic beverages, Harris explained.

"By viewing the film, responsibility for making their own decisions on these problems is placed squarely on young persons themselves by emphasizing what you do today affects tomorrow," Harris said.

Twenty-five attended the meeting, including one guest, Dr. A. D. Karandjeff, a guest of Henry D. Karandjeff.

Dr. Koch Accepting Mother of Year Bids

Dr. Felicia Koch, Granite City physician, is serving as ex-officio chairman to select her successor as Illinois Mother of the Year for 1967.

She said women's clubs, civic and religious organizations may submit their candidates for the state honor. They must be women of achievement who are active in their churches or synagogues, and their youngest child must be at least 15.

Organizations wishing to nominate a mother may request forms from Dr. Koch. Nominations will be considered at the March 15, U. S. Mother of the Year will be chosen from the 50 state mothers.

Some of Gallatin County

By JOHN W. ALLEN
 Southern Illinois University
 Those who would explore in Gallatin county may begin the journey at any of several places. A good approach is by Illinois 13 from Harrisburg or Illinois 142 from Eldorado. Either will bring the visitor to Equality, named for the city of the French Revolution, for the city of the western spring has flooded much of the land where Castle and Temple made salt more than a century ago.

If one wishes to turn west in Equality, cross the railroad, and the work, still will find much of interest. Halfmoon Lick and some of the pits that once were salt wells, however, are under the waters of the lake.

Old Buildings
 Returning to town from the vicinity of Halfmoon Lick, the traveler sees a number of old buildings that hint at past days. In a small park he will find a stone and bronze marker that honors Michael K. Lawler, an efficient but highly unconventional Civil War general. The old cemetery in the north side of town registers the names of prominent early citizens of the locality. Equality also has one of the very oldest lodges of Masons in Illinois.

It is best to go north from the Lawler marker and turn east on the highway, passing by Junction and through one of the state's important melon growing regions to Shawneetown (new). If it is a dry when the county courthouse is open, a stop should be made to see the mural on the courtroom wall. The picture lends reality to the town when it was an important river port.

Just south of the town and across the railway is the residence of Henry Eddy, prominent politician, able attorney, successful businessman, and partner with James Hall in the publication of a newspaper. This residence served as headquarters for a military training camp during the Civil War.

It was here that a bandmaster named Grierson, very much afraid of horses, gathered and trained the Sixth Regiment of Illinois Cavalry, that became a part of the brigade Grierson led on a raid from LaGrange, Tenn., to Baton Rouge, La. Grierson's Raid remains one of the noted cavalry raids of American history. It takes some imagination now to fancy a thousand horsemen dashing madly over the fields of the Eddy farm in drill.

A mile or so beyond, where the old and new pavements join, a turn to the left on a gravel road leads to Westwood Cemetery, burial place of many great and near great in the region's early history. Among such graves is that of General Thomas Posey, trusted and favored by Washington. Back to old Illinois 13, it is only a short way to Shawneetown.

How Long Term Phase-Out
Cabin Owners on River Shores to Lose Leases
 Owners of cabins and clubhouses along the Mississippi and Illinois rivers in this semi-private use, a recent district have been informed by change in policy has been announced by the Army Corps of Engineers. The leases will not be renewed following expiration of a five-year option.
 The new order eventually will affect number of Quad-City residents who are among more than 800 persons leasing federal property for private recreational purposes, it was learned by the St. Louis district of the Corps of Engineers includes the Mississippi River up to Hannibal, Mo., and the Illinois River up to about Kaskaskia.
 Under the order, upon expiration the lots must be vacated and improvements removed. The Corps of Engineers said the land is to be used for the general public rather than for individuals.
 However, most of the leases are for periods of 25 years. With the five-year option on clubhouses which had been approved by the government, most owners will not be affected by a number of years.
 One Granite City resident with a clubhouse on the Illinois River said his lease will not expire until 1980, "and by that time the government probably will change its mind a number of times."
 The notices state that "with emphasis on water pollution control and abatement, and the maximum overall use of lands and facilities by the general public."
NEW LOW PRICED HEARING AMPLIFIER PERFECTED
 Hearing is rapidly becoming the most neglected of the senses. Thousands of people having sub-normal hearing live with mounting strain and tension because they cannot afford expensive aids.
 An Engineer has perfected a PERSONAL AMPLIFIER which offers new hope to these people. Designed for those who can hear when sounds are louder and for those who can hear but do not always understand, this tiny compact unit can provide the help people need to live full active lives. Weighing only a third of an ounce, without wires or cords, this amazing electronic marvel hides behind the ear. Space-age techniques make it possible to offer the PERSONAL AMPLIFIER at a very small fraction of the cost of a hearing aid.

toward New Haven, the site of an early fort and water mill kept by Joseph Boone, a brother of Daniel, who visited there. One should ask about the catnip plants. Also, New Haven once claimed the distinction of being the nation's largest native pecan market.
 Going out of New Haven about three miles west and a slight two miles north, one comes to the cemetery where a Mr. Dagley, who was George Washington's baggage master during the Revolution, is buried. Back to Illinois 1 and south a turn aside should be made to visit Ridgeway, claimant to the title of "Popcorn Capital of the World."

Old Slave House
 South on Illinois 1 and just after crossing Illinois 13 is the "Old Slave House," reached over a gravel road beside the railway. It carries some interesting stories.
 Just as one crosses the Saline River, a gravel road leads west alongside the river about a half mile to Old Spring, which geographers name "Nigger Spring." It was here that John Crenshaw made salt a hundred years ago, after the Indians had done so for 20 centuries.

A short walk downriver from the bridge brings the prowler to Island Ripple where legend tells us that John Duff was killed and where his treasure was buried. Legend is liberal and lets him be killed at several places. These are not nearly all the interesting places of Gallatin county.

SIU Schedules French Vocal Group Thursday

Billed as "Those Fabulous Frenchmen," the Varel and Bailly Company will appear in their Thursday evening concert under sponsorship of the SIU-SW Program Council.

Hailed by a New York newspaper as "the most exciting group of singing young men we've heard in years," these Chanteurs de Paris were introduced to the U. S. in 1955 at New York City's Waldorf Astoria hotel and on the Ed Sullivan television show. The first North American concert tour in 1957-58 has been extended each year in time and number of engagements; last season, they were booked for 65 concerts in 13 weeks.

The eight-man vocal troupe was organized by the French song-writing team of Andre Varel and Charles Bailly. As pianist, Bailly headlines the program, which consists of 26 vignettes, ranging from "Disco" and "My Fair Lady" favorites to songs of the French Resistance and original compositions by Varel and Bailly. Props and pantomime are used to enhance the choreography.

Open to the public without charge, the program will begin 8 p.m. in the auditorium of Edwardsville Junior High school.

Varel and Bailly, sometimes referred to as the Rodgers and Hammerstein of France, met in North Africa during world war II. Varel was a practicing dentist with a passion for writing poetry. Bailly was a young composer-pianist. They entertained for the Free French and after the war kept on their song-writing careers, composing songs for such music greats as Edith Piaf and Lena Horne.

Two Charged with Traffic Violations

Charged with a stop sign violation at Namekiki road and Highway 380 yesterday was Hillary M. Keelin, 317 1/2 Hill avenue, who is to appear in magistrate's court by Jan. 30.

Also booked yesterday for disobeying a traffic signal at 27th street and Madison avenue was Richard K. Anderson, 4412 Namekiki road, who is to appear by Jan. 27.

members of the ulting Society of First Methodist Church, arrived at the church Thursday for a day of quilting. Lunch was served during the noon hour.
